

# Topload Cartoner MFM

It is often said that life is series of trade-offs. But not for VikingMasek's unique top load solution MFM. This multifunctional machine combines carton erector, product loading unit and carton closing machines into one compact unit. This makes the unit to match the floorspace that none can reach, ensuring enough flexibility and performance to reach your packaging needs. Why settle for a top load solution with trade-offes, when this unit has all the benefits you need.
