# Intermittent Bagmaker S650 In Detail

Save with automation. Save with improved palletization. Save with this heavyweight champion that packs efficiency and cost-savings into one reliable machine. The S650 bagger is engineered to streamline the form, fill and seal process and churn out large bags that stack cleanly and easily onto pallets. Plus, with rollstock, sewed bags are a distant memory. Clumsy hand-sealed bags. Inconsistent pallet stacks. All a thing of the past with the fully adaptable S650. Your wallet and reputation will benefit.
